## baby wish list

Welcome to  baby works

The boutique at MilkWorks.

**We love helping moms and dads** get ready for their new arrival. Because we are a local, small boutique, rather than a large chain store, we often carry unique, limited edition items. We encourage you to list items and styles that you like as well as your baby's gender (if you know it) and requested sizes or colors that you prefer. We'll help your friends and family make selections.

Keep in mind you can always exchange gifts for an item of your choosing. And whenever possible, we welcome special orders.
